

second highest rate of reported AIDS cases in the nation. That number includes 25,000 people who reside in Brooklyn. The Ryan White Act has been, and continues to be, a lifeline for those New Yorkers and Americans living with HIV/AIDS.

As medical costs continue to rise, the reauthorization comes at a critical time. It provides for an important five percent increase across every category of funding. Additionally, several new provisions included in the bill focus on reducing the disparities in access to health care among racial and ethnic groups who are disproportionately affected by the virus.

By passing the Ryan White HIV/AIDS Treatment Extension Act of 2009 yesterday with an overwhelming majority we not only restored a sense of hope and dignity for those dealing with the everyday struggles of this disease, but we also demonstrated our nation's steadfast commitment to ensuring that 1.1 million people living with HIV/AIDS have access to quality care and treatment.

RECOGNIZING DR. CHARLES
ANTZELEVITCH

HON. MICHAEL A. ARCURI

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 22, 2009

Mr. ARCURI. Madam Speaker, I rise today in recognition of Dr. Charles Antzelevitch for his 25 years of service as executive director and director of research at the world renowned Masonic Medical Research Lab (MMRL) in Utica, New York.

Dr. Antzelevitch truly embodies the American dream. After immigrating to this country from Israel as a child, he worked as a cab driver in New York City and put himself through college before earning a doctorate at SUNY Upstate Medical. From there he went on to do his post doctoral work at MMRL, eventually becoming a Gordon K. Moe Scholar and Professor of Pharmacology at SUNY Health Science Center in Syracuse, New York. Dr. Antzelevitch has distinguished himself as an award-winning scientist, editorial board member of several leading medical journals and member of numerous national medical research committees.

Under the exceptional leadership of Dr. Antzelevitch, MMRL has excelled in its mission to improve the health and quality of life for all humankind through its discovery of genetic mutations responsible for Brugada syndrome, Long QT syndrome which is linked to sudden infant death syndrome, Short QT syndrome which is linked to sudden cardiac death syndrome, and many other cardiac-related syndromes and illnesses.

An internationally renowned authority in the field of biomedical research, Dr. Antzelevitch has received too many awards and honors to enumerate. His contributions to scientific literature include 310 original papers and book chapters, over 250 abstracts and four books. MMRL, often referred to as a "gem in the crown" of Utica, is widely recognized as one of the top research laboratories in the world working on cardiac arrhythmias.

Other initiatives of Dr. Antzelevitch and MMRL, which include free screenings and four educational programs, demonstrate an unparalleled commitment to our local community. MMRL hosts a summer fellowship program and welcomes undergraduate, predoctoral and postdoctoral students, as well as the wider scientific and medical community, to use the lab's extensive library for research and reference.

Madam Speaker, I call on my colleagues to join me in honoring Dr. Antzelevitch for his distinguished 25-year career at MMRL and his ongoing service to our community. He is a father, mentor and friend to all who know him, and I wish him many more years of success and prosperity.

HONORING NAPA VALLEY HORSE-
MEN'S ASSOCIATION OF NAPA
COUNTY, CALIFORNIA

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 22, 2009

Mr. THOMPSON of California. Madam Speaker, I rise today to honor the Napa Valley Horsemen's Association on the occasion of their 70th anniversary. NVHA was organized by a dedicated group of horse lovers to promote horses as a form of recreation in the Napa Valley. On October 17th, 2009, the Association is celebrating this milestone at their clubhouse in Southwest Napa.

The Horsemen's Association has a long and storied history. NVHA held its first meeting on October 11, 1939, at the Napa Fairgrounds in the Home Economics Building. From there the club grew to 82 charter members by January 1940. On November 19, 1939, the club held its first event, consisting of races, roping, horsemanship classes and jumping.

NVHA purchased the 32 acres at its present location on Foster Road in Napa in 1948. The site was a working dairy, and upon purchase the club members refurbished the milking barn to operate as a clubhouse and spent the next few years holding fundraisers to build the arenas and horse barns.

NVHA has been involved in supporting local equestrian events throughout its history and continues to do so today. The club boasts members who participate in all disciplines of riding, along with many members who simply enjoy horses. In addition to offering numerous shows, cattle events and speed events, NVHA also hosts educational clinics aimed at improving training, feeding and the keeping of local horses. In recent years, NVHA has partnered with the Bureau of Land Management to host adoption events for mustangs and burros. The club boasts an active youth group and also gives out annual scholarships to four local high school students who are studying equestrian or agricultural topics.

Madam Speaker, it is appropriate at this time that we honor the Napa Valley Horsemen's Association's illustrious history and numerous contributions to equestrianism in the Napa Valley. The Association continues to improve and thrive today, and I commend past

and current board members for their commitment to this cause.

RECOGNIZING MRS. MINNIE HILL
MCCLLEASE

HON. G.K. BUTTERFIELD

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 22, 2009

Mr. BUTTERFIELD. Madam Speaker, on October 25, 2009 friends and family will gather to honor Mrs. Minnie Hill McCleave, a retired teacher who has had a tremendous impact on North Carolina's First Congressional District. On this special occasion, Mrs. McCleave's loved ones will join her to pay special tribute to this extraordinary woman.

Born on December 17, 1908, Mrs. McCleave will soon celebrate her 101st birthday. After graduating from State Normal High School in Elizabeth City, North Carolina, she earned a bachelors degree from Shaw University and later a masters degree from New York University.

Retiring on June 4, 1971 after 37 years, Mrs. McCleave served as a mathematics teacher at Elizabeth City's P. W. Moore High School and at Northeastern High School. To this day, the Cooper/McCleave Scholarship is presented in her honor annually at Northeastern High School to a student who excels in mathematics.

During her career, Mrs. McCleave earned the respect of her students, fellow teachers and the entire community. She fully dedicated herself to teaching because she cared so very deeply about the education of children. And, as we all know, good teachers like Mrs. McCleave make a remarkable difference in the lives of their students.

During her extraordinary teaching career, Mrs. McCleave inspired countless students. She made an undeniable impression on every student, and many of them went on to do great things. Among her students were Superior Court Judge J.C. Cole, cardiologist Dr. Lindsey White, retired principal and Pasquotank County Commissioner Cecil Perry, Virginia Beach Health Director Dr. Venita Newby-Owens, retired U.S. Army General Hawthorn Proctor, cardiologist Dr. Kermit Brown, retired educator Eddie Davis and Elizabeth City-Pasquotank Public Schools Superintendent Linwood Williams. These accomplished people represent just a few of the many great students Mrs. McCleave helped inspire to reach their full potential.

Mrs. McCleave has also been a highly active member of Olive Branch Missionary Baptist Church.

Madam Speaker, I ask that my colleagues join me in recognizing Mrs. McCleave. She is truly a remarkable person deserving of our deepest gratitude for the enormous contributions that she made in the lives of children in eastern North Carolina and to the entire community.

RECOGNIZING THE CONTRIBUTIONS OF THE SHERIFF'S OFFICE IN HAYWOOD COUNTY, NORTH CAROLINA

HON. HEATH SHULER

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 22, 2009

Mr. SHULER. Madam Speaker, I rise today to commend the Haywood County Sheriff's Office for their outstanding commitment to serving our community. With a population of more than 50,000 and over 550 square miles in the county, the 100 dedicated individuals in the Haywood County Sheriff's Office must maintain constant vigilance to ensure the safety of all those they serve.

Haywood County's Sheriff, Bobby Suttles, has done a phenomenal job since he assumed his post in early 2009. The previous Sheriff, Tom Alexander, served his community honorably for over 22 years. Sheriff Suttles began working with Sheriff Alexander and the Haywood County Sheriff's Office in 1995, joining the team as a deputy. His exemplary service led him to become Chief Deputy in 2003, and he was thus the natural choice when Sheriff Alexander retired in February of 2009. As a community, we look forward to working with Sheriff Suttles as he continues the remarkable legacy inherited from Sheriff Alexander.

The Haywood County Sheriff's Office has an extremely distinguished history in the community. They are able to react immediately to new and unexpected challenges. One of the most successful projects implemented by the Haywood County Sheriff's Office is a special squad of deputies called the Sheriff's Emergency Response Team which focuses on woodland operations, land navigations and man tracking. These skills are invaluable to other facets of the Haywood County Sheriff's Office, for example the Team has assisted the county's Drug Enforcement Unit with the service of high risk warrants and drug surveillance. The deputies on the Sheriff's Emergency Response Team undergo an additional sixteen hours of training per month and must maintain higher than average fitness standards. As this is a voluntary program, the deputies involved purchase much of the specialized equipment out of their own pockets, demonstrating their exemplary dedication and commitment.

In addition to their role as law enforcement professionals, the Haywood County Sheriff's Office also takes part in the Explorer Post program. This program affords young adults between 14 and 21 years of age access to community service projects that enable them to learn about the law enforcement profession. Participants have the opportunity to do "ride alongs" observing the work of deputies, participate in community fingerprinting, and take part in other events geared towards crime fighting and community involvement. Through this program they are also taught essential teambuilding and leadership skills.

Madam Speaker, I ask that my colleagues join me in support of the Haywood County Sheriff's Office and our dedicated law enforcement professionals across the country. Without these committed individuals, none of us would be able to enjoy the quality of life or the security we experience in our great Nation.

IN REMEMBRANCE OF MARIA LARRIUZ

HON. EDOLPHUS TOWNS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 22, 2009

Mr. TOWNS. Madam Speaker, I rise today to remember Maria Larriuz, a dedicated community servant and activist.

Maria Larriuz, born in 1934 and raised in Guayama, Puerto Rico, moved to New York in 1955 and married Angel Manuel Larriuz in 1958. They raised two children together: Angel Manuel Larriuz, Jr. and Bernice Burkarth.

Ms. Larriuz was an active leader in her community's trusted civic associations, contributing in a variety of roles to the New Lots Lions Club for the past 30 years and serving as secretary of the Homeowners Association, Inc. She was also a member of the Rosetta Democratic Club, helping District Leader Earl Williams at meetings, and served as a volunteer hostess for the inauguration of President Barack Obama earlier this year. Ms. Larriuz was also someone who championed breast cancer awareness and the high incidence of diabetes in her community.

Ms. Larriuz was honored on numerous occasions for her work, receiving the Melvin Jones Fellowship from the Lions Club and an award from the Knights of the Blind, and now rests eternally at the Pinelawn National Park with her loving husband who served our country.

Madam Speaker, I urge my colleagues to join me in remembering Maria Larriuz, whose extraordinary accomplishments will continue to be felt in her community for many years to come.

HONORING THE CONTRIBUTIONS OF RETIRED MONSIGNOR THOMAS A. DAVIS

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 22, 2009

Mr. CUELLAR. Madam Speaker, I rise today to recognize retirement of Monsignor Thomas A. Davis and his dedication and service as a Pastor and community leader in Laredo, Texas.

Monsignor Davis was born in Tipperary, Ireland on May 31, 1933 to Joseph and Brigid Davis. He has conducted missionary work and been involved with the Catholic Church for many years. More than a half a century has passed since Monsignor Davis began. He has spent his career in five different nations, driven by his devotion and humble beginnings. He will retire on October 28, 2009.

He began his career in 1954 in Ireland and would spend six years in a Monastery. Thereafter, he would spend another six years at St. Kieran's Seminary in Ireland. In 1968, he was ordained for the Diocese of Corpus Christi, Texas. In the years following his ordainment, he earned his Masters in Education Degree from Our Lady of the Lakes College in 1974. The next few decades, he continued faith-based and Church involvement in Robstown, Texas to Arteaga, Mexico to help communities and churches. His work would continue as his

passion with his faith grew stronger. His contributions to Laredo, Texas have proven monumental for the community, spending a total of 31 years at San Agustin Church, Mother Cabrini Church, and Saint Patrick's Church.

In 2003, Msgr. Davis established the Perpetual Adoration Chapel at St. Patrick's Church, which ensures Laredo residents have a place to go in times of need at any hour. This chapel is the only one of its kind in the area and is a great contribution to the efforts of the church and outreach.

Madam Speaker, I am honored to have had the time to recognize the faith and dedication of Monsignor Thomas A. Davis.

RYAN WHITE HIV/AIDS TREATMENT EXTENSION ACT OF 2009

SPEECH OF

HON. MAXINE WATERS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 21, 2009

Ms. WATERS. Mr. Speaker, I rise to support the Ryan White HIV/AIDS Treatment Extension Act of 2009, which reauthorizes the Ryan White HIV/AIDS Program for four years. The Ryan White program provides critical funds to cities, states and non-profit organizations for medical treatment and support services for people living with HIV and AIDS. The program currently serves more than 500,000 HIV-positive low-income people throughout the United States, many of whom would not be alive today without it.

The continuing need for the Ryan White Program cannot be overstated. According to the Centers for Disease Control and Prevention, there are more than 1.1 million people living with HIV/AIDS in the United States today, and every 9½ minutes, another person is infected.

Racial and ethnic minorities continue to be severely impacted by HIV/AIDS. African Americans account for 49% of new AIDS diagnoses, and Hispanics account for 19%. All minority groups combined represent 65% of new HIV infections, 67% of people living with HIV/AIDS, 71% of new AIDS cases, and 70% of deaths caused by AIDS.

Eleven years ago, in order to address the disproportionate impact of HIV/AIDS among minorities, I worked with my colleagues in the Congressional Black Caucus and the Clinton Administration to develop the Minority AIDS Initiative. This initiative provides funds to community-based organizations in order to build their capacity to serve minority communities and deliver culturally and linguistically appropriate care and services.

This bill recognizes the disproportionate impact of HIV/AIDS among minorities and reauthorizes key provisions of the Minority AIDS Initiative. The bill requires the Government Accountability Office (GAO) to report on activities under the Minority AIDS Initiative across governmental agencies and identify best practices in capacity-building. It also requires the Department of Health and Human Services to prepare a plan for the use of Minority AIDS Initiative funding, taking into consideration the GAO report.

I thank my good friend Delegate DONNA CHRISTENSEN, along with the other Members
